# Featured Speaker - Steve Ford

Steve Ford will share the tools of his own success in Hollywood as an accomplished actor, and those of his parents, former President Gerald Ford and Betty Ford. Ford's presentation will focus on leadership, overcoming adversity, the value of a strong family unit, living with values and character, setting and juggling priorities, and making the right choices in life. His unique perspective of life as the President's son encompasses a broad range of fascinating subjects: being 18 years old and having 10 Secret Service agents as constant companions ... his father's leadership in taking over the reins of the presidency following the resignation of Richard Nixon ... two assassination attempts on his father's life ... and his mother's bouts with alcoholism and breast cancer.

The son of former President Gerald R. Ford and Betty Ford, Steve Ford successfully negotiated the bumpy road from the White House to a successful 20-year career as an actor in Hollywood. As a speaker, Ford shares a broad range of inspirational stories, including how the family dealt with Betty Ford's battles with alcoholism and breast cancer, his own successful fight to overcoming alcoholism, and the Nixon Pardon. He also offers humorous anecdotes regarding his ten Secret Service Agents and provides first-hand details about life on the set of some of Hollywood's biggest movies.

Within each of Ford's stories, the focus is always on character, integrity, and the strong family bonds that led to his family's success. It's an insider's view of life in the public eye, featuring many historic and never-before-seen photos, slides, and videos. Described as a cross between The History Channel and The Book of Virtues, Ford continually focuses on the importance of character, integrity and right choices. His one-of-a-kind presentation inspires people to be open to change and transformation and addresses aspects of the person as a whole, including both career and family roles.
