

This Week at the Legislature

Today is day 62 of 80 of the 67th North Dakota Legislative Assembly. The magical words this week at the legislature are “Do Concur” and “Do Not Concur.” Those are the words that determine whether the changes made by the second chamber to the bill they received from the originating chamber are okay and the bill can be sent to the Governor for his signature. If “Not” is in the message, a conference committee is set up and the bill receives further analysis by three members of the House and three members of the Senate. And that happens fairly often.

These days, numerous conference committee meetings are scheduled every day. However, that all means we are getting closer to the end! When suggested to one senior Senate appropriator this week that the light at the end of the tunnel is starting to shimmer a bit, he responded, “Are you sure that’s not an end-of-session train?!”

Hearings Next Week

There are no hearings scheduled next week as all bills are out of committee. Our attention will now turn to conference committees.

Hearings and Other Action this Week

HB 2048 – Uniform Unclaimed Property Act – CONFERENCE COMMITTEE

The Conference Committee on SB 2048 met Friday morning. The House had added a technical amendment to the bill to change the dormancy period of life insurance from one year to three years, which is the norm in 42 other states. Representative Klemin explained the purpose of the House amendment. The conference committee voted 5-0-1 that the Senate accept the House amendments. The hearing was closed and the bill now goes to the full Senate for final floor action.

NDBA Sponsored Legislation Update – 100% Success

SB 2197 – DFI Confidential Information

SB 2197 is a bill to expand the definition of confidential information obtained or created by the ND Department of Financial Institutions to include a complaint or comment from the public regarding a financial institution, credit union, or other licensed entity under the supervision of the commissioner, unless the commissioner is providing aggregate, nonspecific information. The bill also restricts bank information available to the State Auditor. The bill was signed into law by Governor Burgum on March 31 and will become effective on August 1, 2021.

SB 2261 – Irrevocable Funeral Contracts

The bill passed the Senate January 29. The House amended and passed the bill March 16. Yesterday, the Senate concurred with the House amendments and passed the bill 46 – 0. The bill is now headed to the Governor for his signature. The bill contains an “emergency clause” which mean it will become law immediately upon the Governor’s signature.

SB 2292 – Mortgage Modification Legislation

SB 2261 establishes that mortgage modifications serve to extend the expiration date of a mortgage. The bill was signed into law by Governor Burgum April 1 and will become effective on August 1, 2021.
