

Breaking into Banking 101: Fundamentals of Commercial Lending

February 26, 2025

Virtual Live Event via Zoom

About the Program

Commercial lending can be intimidating because of its complexity and the risk-oriented nature of the work.

This course is a clear and thorough introduction to the key concepts, terminology, and processes involved in credit and lending. It doesn't assume much prior knowledge of the topic, so it's **ideal for those in their first year in the industry**. Learners will walk away with a clear understanding of their job and how their specific role fits into the bank's overall profitability goals.

Topics include:

- The Business of Banking
- Why Businesses Borrow Money
- The Art of Underwriting: Part I & II
- Loan Structuring: Part I & II
- The Credit Approval Process
- Loan and Portfolio Monitoring
- The Complex Lending Machine
- Test Drive Your Job

Who should attend?

New credit analysts, lenders, and underwriters, as well as bankers who don't do credit analysis but need a working knowledge of the process.
